To revise and update the Delaware Energy Emergency Response (DEERP) Plan based on new Federal and State guidelines utilizing the guidelines contained in the US DOE Energy Assurance Funding Opportunity Announcement.

The Delaware Emergency Management Agency (DEMA) has completed the revision of the Delaware Emergency Operations Plan (DEOP) to incorporate the new Federal/State guidelines and the DEERP referenced in the DEOP must also be revised. DEMA has endorsed this update of the Plan. The Delaware PSC will also participate as a partner in this effort to update the current Plan. Training on all aspects of the Plan will be provided through this contract to DEO, PSC and DEMA personnel.

Energy Planning Consultants (EPC), using the published Funding Opportunity Announcement guidelines will coordinate the revision of the DEERP for the DEO by interfacing with DEO staff. PSC staff and DEEMA staff and other energy emergency responders throughout the State to create various planning and response actions to help restore the State's energy systems should a major disaster or other significant event occur. This will enable the State and the DEO to better respond to a serious disruption of energy supply.
